Subject: RE: Rolloff Box: (b) (6)
Date: Thursday, July 16, 2015 10:35:00 AM

Daisy:
 Did you guys ever make it out to investigate the roll-off box?
 What actions if any were taken?
 Thanks

Subject: FW: Rolloff Box: (b) (6)

Nguyen,
 Please see the email below from Gary Moore with EPA, have staff enter this into 3-1-1 as a complaint and assign for investigation.

Thanks,
 Daisy

Subject: Rolloff Box: (b) (6)

Don:
 Our office got an email about a roll-off box located at (b) (6). The reporting party believed that it may have been associated with the CES Site. I dispatched my contractor go and look at it and here are the pictures. From what we can tell, this box is not related to the CES Site. According to my contractor, the box contains rotting garbage that smells very bad. The rotting odor smell is apparently impacting the neighbors near the location. I recommend that one of your investigators investigate this situation and coordinate with (b) (6) (local resident) at the email (b) (6) or (b) (6).

Thanks
